THE REGION

It was in Douro river's valley scarps that one of the world oldest Denomination of Origin was born, marked and legislated in 1756 for direct influence of the Marquis of Pombal. These scarps, decorated with vines singularly disposed in terraces and platforms, confer to the region a unique landscape, classified Worldwide Heritage in 2001 by UNESCO. Although particularly difficult to work, these soils are excellent for the longevity of the vines, and they contribute immensely to the concentration of wine.

WINEMAKER

Fermentated in stainless steel vats.

TASTING NOTES

Rubi-coloured wine with an aroma of ripe red berries. Soft tannins from grapes ripen under good conditions.

ALCOHOL CONTENT
